	Current Record	New Record**
Expiration date	10 -2011 month year	04- 2012 month year

Reason for emergency extension request		
<p>Reforms undertaken by States and local educational agencies (LEAs) have made outdated many of the activities required by the Elementary and Secondary Education Act, as amended by the No Child Left Behind Act (ESEA). In the absence of ESEA reauthorization in 2011, the Secretary of Education is planning to provide flexibility to States and LEAs to support their important reform efforts. The U.S. Department of Education therefore requests an emergency extension to have additional time to determine how the flexibility will affect the information collection activities and burden hours of this collection.</p>
